

Forest School North East

Sc.out.ed use the Forest School approach to learning in your own setting. Tailored to different age groups and topics, sessions are essentially child-led and give pupils the opportunity to learn key skills and concepts in a practical and meaningful way.

The Forest School approach to learning:

- Creative activities such as outdoor art & patterns in nature
- Curriculum specific topics – plants, seasonal changes
- Developing survival skills - shelter building and cooking on a fire
- Using our senses to explore the environment
- Encouraging teamwork & cooperation

Activities also provide opportunities that:

- Increase self-esteem & self-confidence
- Improve listening and speaking skills
- Contribute to the development of language
- Improve children's ability to work cooperatively
- Improve physical and motor skills
- Forest School is also a very effective stimulus for learning back in the classroom

A full day visit with one of our experienced team costs £220

Activities are delivered by an experienced Level 3 Forest School practitioner. If you would like to arrange a session please contact sam@scouted.org.uk or phone on 07950 309118.

Days can be tailored to meet your individual needs.
